

TATE
TELECOMMUNICATIONS AGAINST
TRAFFICKING & EXPLOITATION

CORPORATE DONOR PACKET

January 1- December 31, 2023

Human trafficking is a global issue that affects millions of people every year. Survivors of human trafficking often face a long and difficult road to recovery. 3Strands Global Foundation provides vital services to help these survivors heal and rebuild their lives. The telecommunications industry is in a unique position to be the eyes of the community. Will you do your part and join the fight?

Your support can make a tremendous difference in the fight against human trafficking. With your help, we can take steps to protect our communities and eventually the world.

Dear TeleCom Leader,

As a business, you have a distinct opportunity to affect positive change in the communities you serve. Human trafficking happens everywhere, in large and small communities alike.

3Strands Global Foundation was founded to protect and empower our children, survivors, and those at risk. Our goal is to eradicate exploitation by implementing prevention efforts. YOU can help us take the steps to reach that goal. We mobilize communities to combat human trafficking through prevention education and reintegration programs. PROTECT provides human trafficking prevention education training and curriculum to students, educators, and other community members. We also connect survivors and those at-risk with sustainable employment and other resources needed in the workforce, empowering each to pursue a life free of exploitation.

What your gift can help us do:

- Enhance TATE training so it is relevant to current trends being seen in trafficking
- Create a Spanish translation of the video and materials
- Increase content creation, such as testimonial videos
- Enhance TATE portal to share about the program on the website, social media, and email campaigns.
- Market TATE across the nation
- Press work to amplify companies joining the TATE movement
- Incentivize participation in the TATE training with the goal of industry adoption of knowledge across all strata of personnel

Ultimately, supporting TATE is reducing incidents of human trafficking through education and awareness, making the world safer for everyone.

**Thank you,
Ashlie Bryant**

“ We’d know if human trafficking was happening in our communities, wouldn’t we? Maybe not. The scary truth is that it happens right in front of our eyes, but without knowing what to look for, we can’t help to stop it.
